

11th December 2023

To Whom It May Concern:

Ms. K. I. K. R. Dilini Navodya Kandakkulama joined IFS R&D International (Private) Limited on 2nd March 2022, as an undergraduate trainee attached to the Industrial Training Program, having a 5-day (40-hour) workweek.

At the commencement of her training with IFS, she followed a two-month training course specially designed to provide new Software Engineers with the necessary knowledge and skills to participate in the development of IFS' Product. This initial training consisted of Oracle SQL, PL/SQL programming, C#.NET programming, introduction to the technical architecture of IFS' Product, layered application architecture, Object Oriented Design and Programming with IFS Developer Studio that integrates the Oracle database and Windows client, working with version control systems and introduction to IFS Report Designer Tools.

Upon completion of the initial training, Dilini was assigned to the R&D Finance product area, which provides global 3rd line support to the existing IFS customers, as well as designing and developing new features for the future versions of IFS ERP software, where she received further training on IFS product development, Security framework, API testing, and Aurena web client development.

During her time with IFS, Dilini's responsibilities included but were not limited to,

- Ensuring code quality and coding standards through unit testing and code reviews
- Working closely with Product Specialists to overcome functional problems encountered during the development lifecycle.
- Developing new features for the future versions of IFS ERP Software
- Carrying out technical investigations on customer queries and enhancement requests

Dilini was also assigned to the Next Generation Brazil (NGB) team at R&D Finance where was involved in analysing and developing Brazilian-specific business flows. In addition to that, Dilini gained good exposure to agile software development methodology.

During her training period, Dilini was able to carry out the assigned duties with dedication and a sense of responsibility.

Ms. Dilini Kandakkulama completed her internship with IFS effective 6th October 2023.

I wish her good luck and the very best in her future endeavours!

Yours Sincerely,
IFS R & D International (Private) Limited

Kasun Ariyadasa
Senior Director Software Engineering
